

EVALUATION OF STUDENT LEARNING PROCEDURE

Approved by: Academic Coordinating Committee

Authorizer: Vice President, Academic Administration

Reference Code: ACA16 V5

Effective Date: 4/16/2014

PROCEDURE STATEMENT:

This procedure describes a coordinated and consistent institutional approach to the evaluation of student learning

SCOPE:

This procedure applies to all full and part-time employees involved in the scheduling, design, delivery, and documenting of student learning and achievement. This procedure applies to all course delivery, independent of the delivery strategy, ie hybrid, on-line, full-time or part-time.

DEFINITIONS:

Course Learning Outcomes

Terminal statements that indicate what a student is reliably expected to demonstrate at the end of a course and upon which they are formally evaluated through grade allocation.

Course Outline

An official, approved document outlining the course and unit learning outcomes, required resources and the evaluation components for the course.

eConestoga - The learning management system that Conestoga uses to deliver online and hybrid courses, and enhance face-to-face courses. It makes content and activities available online and allows us to provide these in alternate formats to meet AODA requirements. It also provides assessment options and tracks grades. It is powered by Brightspace (Desire2Learn).

Evaluation

Summative activities that assess student achievement of course learning outcomes after learning opportunities are provided. These activities provide evidence of the degree to which the student has met the learning outcomes. These include, but are not limited to, demonstrations, exams, projects, tests, and quizzes.

Faculty

Individuals responsible for the teaching and learning process. They provide learning opportunities related to the course and program learning outcomes and are responsible for the

evaluation of student learning of the outcomes. Faculty contribute to both course and program plans.

Feedback

Constructive formative information provided to students to support continued learning and improve performance. Constructive summative information explaining achievement of the course learning outcome(s).

Instructional Plan: A structured plan based on a college-wide template that ensures that dates for learning opportunities and evaluations are clearly communicated to students and other stakeholders as well as providing course-related information and practices.

Program Learning Outcomes

Terminal statements that indicate what a student is reliably expected to demonstrate at the end of a program.

Program/Student Handbook

A document produced by the program team and published on the Conestoga website that sets out expectations, rules, and regulations for the program.

Supplemental Evaluation

An evaluation provided to a student who meets the supplemental eligibility criteria to clear an academic deficiency.

PROCEDURE ELABORATION:

Responsibilities

Executive Dean/Dean

- Review and approve any exceptions to the Evaluation of Student Learning Policy, e.g., a single component weighted at more than 40% or a must-pass rider on any evaluation component.

Academic Manager

- Annually review and approve the evaluation scheme on the course outline.
- Ensure program teams coordinate their instructional plans so that evaluation components are scheduled in a timely manner.
- Review and approve any changes to the scheduling of evaluations once the semester commences.
- Review and approve any changes to the evaluation scheme once a semester commences, e.g., removal or addition of a component.
- Review and approve final grades.
- Consult with the faculty member prior to changing the final grade of any student barring exceptional circumstances. In such circumstances inform the faculty member of the occurrence.

Faculty

- Review the course outline evaluation scheme on an annual basis during the Annual Program Reflections (APR) and suggest any needed adjustment so that an appropriate evaluation scheme is in place.

- Consult with the program team each semester and contribute to a program-based plan and evaluation schedule.
- Review the various college policies and procedures related to evaluation and the Student Program Handbook and ensure all evaluation practices are in alignment.
- Complete the 'essential elements' on eConestoga.
- Create and post a complete instructional plan prior to the start of each semester and keep it available all semester. Any changes to the dates of evaluation components must take into consideration the impact on each student, be discussed with the student group and then approved by the Academic Manager. Note, date, and communicate any approved revisions.
- Develop evaluation components as per the course outline and program outcomes. Evaluate associated Essential Employability Skills within the evaluation components.
- Prior to the start of the semester load the instructional plan to eConestoga.
- In the first week of each semester, review the instructional plan with students providing clarification as needed.
- Advise students as to the Supplemental criteria. Inform them that the Supplemental opportunity occurs after the final mark is posted, is time-sensitive, and may not be available for all courses.
- Create and post guidelines, instructions, and a rubric or marking scheme in advance of due dates so that standards and criteria are communicated to students as they prepare for each evaluation component.
- Design evaluation components using the principles of Universal Design for Learning (UDL) and in compliance with the Accessibility for Ontarians with Disabilities Act (AODA).
- As required, provide accommodations and book tests with Accessibility Services using the Test Booking System.
- Ensure a suitable environment for test and exam writing.
- Evaluate student work promptly, fairly, and consistently.
- Provide constructive formative and summative feedback.
- Identify challenges to validity and reliability after the use of each evaluation component and revise prior to the next course offering.
- Maintain confidentiality when returning or discussing evaluations.
- Provide students with an opportunity to review and discuss their evaluated materials
- Be accessible and available to students for discussions regarding evaluation components and results. Provide an explanation of the grade assigned upon request.
- Respond to student concerns promptly.
- Post marks for each component on eConestoga as soon as the mark is available.
- Following any unexpected events, determine how the interrupted evaluation will be addressed and communicate this process on eConestoga to the students and to the Academic Manager.
- Submit the final grade to the Employee Portal within 3 working days of the course end or final assessment. Consult with Academic Manager prior to any delays.
- Where an Incomplete (I) has been assigned inform the Academic manager and submit the Incomplete Form to the Registrar's office. Submit a mark Change Form, within the required time frame, as soon as the grade becomes available.

- Retain unreturned student work until after the date for a possible Appeal or longer if requested by the Academic Manager.

Student

- Be aware of the evaluation scheme on the course outline and how it is realized on the Instructional Plan. Seek clarification and Accommodations as necessary.
- Adhere to the established timelines.
- Request clarification from faculty as needed.
- Retain and provide, in the event of an Appeal, all relevant work that has been returned.
