

How do I get a COVID-19 vaccine?

We recognize that Conestoga College students live across many regions of Southern Ontario. With this in mind, the Student Health & Wellness team has put together a quick reference guide that connects students to reliable vaccine information and appointment booking in areas where many of them live.

Regardless of where you live in Ontario, you can visit the [Ontario COVID-19 website](https://covid-19.ontario.ca/). Here you'll find:
